About This Game

The castle within the town of Cloudfall has been taken over by an evil demon. Prince Helios has offered a huge bounty to anyone who's able to clear his family's castle and restore order into town. It is your task, as an adventurer to help defeat this evil, bring peace and gain whatever it is that's driving your own personal motivations.

This is one of the best values you will get out of the game. Only better value atm is Martyr's Bounty DLC.

Highly recommend buying this as a new player. You may choose to play this game for free as it has a fantastic free-to-play mode that won't take you long to acquire a decent deck, but nothing compares to this grand offer.

If you are new, I will help you understand what value this has.

1 Booster Pack = 150 LP (purchasable ingame currency) or 3000 IP (grindable ingame currency)

\$1 = ~200 LP

- 1. You get 23 Booster packs total (faction specific packs = 300 LP). That means you get a total LP value of 4650 LP (~\$23).**
- 2. You get 15 Rift Run Tokens (draft mode). Each Drafted Mode Run costs 75 LP or 1 Rift Run Token. 15 Tokens = 1125 LP (~\$6)**
- 3. You get Calamity (alt art). This card is the most valuable epic card in the game. It has no fix value but people often sell it for around \$6. Alt Art is probably 1.5-2x as much (~\$10)**
- 4. You get Lots of cosmetics and 10x 24-hour 50% XP/IP Boosters. Hard to value, so lets say it's free ontop.**
- 5. You get 2150 LP ontop (~\$11)**

Let's do maths: \$23 + \$6 + \$10 + \$11 = \$50 + Freebies!!!

Conclusion: You Pay ~\$28 (~25\$) and get value worth ~\$50 + a bunch of Freebies.

Downside: You can only buy it once. :(Good puzzle game. Jeppe Carlsen will forever go down as a game design behemoth. THOTH is a masterpiece! I highly recommend.. unplayable, every 15 minutes the game crashes. On version 1.02 there are bugs that prevent the game from progressing or being able to save so you lose everything. Game looks promising, but can't be trusted.. The ride is about 2-3 minutes long. The visuals are mediocre. However, the ride itself is actually nice. It has twists and turns, and loop de loops. The background image of a starry space is very poorly done. The images in the foreground are much better, but still just average. The game ran smoothly, but I did notice lots of blurry images when the ride went fast. The rollercoaster itself is a spaceship, that I guess you're sitting on top of which seemed weird to me. It would have been great if instead you had a cockpit view.

If you love VR rollercoasters, then this is a nice buy for .99 cents on sale. I'm only recommending this game for VR rollercoaster fans. This is better than the average VR rollercoaster.

*Rating 6\10 (compared to other VR rollercoasters). stupid game
. To put it simply: I love this game.*

*It's very charming. It's extremely quirky. But what makes me love this game the most is that it's...fun.
Yes, it's fun. Simple, but fun. As I'm writing this, I'm only through the first chapter, but I can say this with certainty:*

Wayward Manor has an interesting story, cute characters, and a unique direction of art. Put all of those things together into the gameplay style (Point & Click, Puzzler) and voi\u00e0: You have a fun game! (In my opinion). So far, the game has been a ton of fun! At the time of writing this review, I've only done 0.1 hrs but even then, the concept is really cool! The art style is something else, and it's somewhat unique and uses the idea of Kaiju to it's advantage.

Would I recommend this game? Heck yeah!

Its Really Really Fun I Enjoyed It Even The Bot Practice Was Fun. I was like "Wow! why is this VN even free-to-play" then after hours of playing it, I was like.. "Oh... I-I see.. It was a demo.". This is the only erotic VR game I would play even if there wasn't any nudity. But there is! (A bit hard to unlock). Unlocking the mixed bathing also makes the play area twice as big, so I suggest to aim for this one asap.

Technically this is very well made and there are quite a lot of different weapons. I prefer anything long enough to kill the monsters from the distance and the gun of course.

The bath is just beautiful, the femals models are quite nice.

Highly recommended!. Was a good gag, but I don't think ski games are ready for VR lol.

<https://www.youtube.com/watch?v=LsVueAHZtms>. A mate of mine gave me this game he is now my gay lover :). Not much to say about this game; it's a silly, jolly puzzle solving game with unique aesthetic and some fun ideas, developed by a small studio who clearly worked hard on it.

[You play as a group of up to three goblins, each with their own unique abilities, and use them to solve puzzles. Most are pretty straightforward, though a number have multiple solutions, making it fun to explore and experiment, with a bunch of achievements that encourage finding some of those extra options.](#)

[While it has a few outstanding bugs and some performance dips here and there, if you're looking for a casual, fun, easy-going, kinda weird puzzle game, give it a shot!](#)

[And if you get stuck, I've completed a guide to all achievements \(look for the level completion achievements for brief walkthroughs to each level\).](#)

[Lastly, thanks to Kyle Bosman of the Easy Allies for introducing me to do this game in his stream. Do yourself a favour and go check him and the other allies out on YouTube!](#)
